

## **Our Lady of Mercy Secondary School**

### **School statement on the use of Electronic Equipment**

The use of mobile/smart phones and all other electronic devices (except when authorised by teachers in a controlled environment such as using laptops or Chromebook, or where a student has reasonable accommodation for use of a digital device) is strictly forbidden.

There are no exceptions to this rule change and there is no discussion to be had. If a parent wants to contact a student for any reason, they must use the correct channels of communication, i.e. through the school office.

Students caught with any device will be sent home immediately for the remainder of the day.
